

Fit or Press Only

Special Forklift Tire Service

Ready to get you rolling

Select the solution that's right for your needs, and you get custom-made service at the best price per working hour. Our offer includes a timely response, fleet analysis, high-quality tire products and experienced technicians. And since we have the largest customer base in the industry, we're familiar with all types of industrial tire use.

Fit or Press Only

Special Forklift Tire Service

Order-based professional on-site service designed to maximize your company's uptime. May include a fleet analysis and tire recommendation to identify the lowest operating cost solution.

ON-SITE MOBILE UNIT

Mobile

Wherever your tires and forklift are, Solideal on-site service will take care of you. With the largest global on-site fleet, we're sure to be nearby. Thanks to specially designed service vans that double as mobile workshops, we offer the most convenient on-site forklift tire service around. Simply tell us when and where, and we'll take care of everything—no extra environmental support (power, space, etc.) required. Plus we deliver the best-in-class tire installation service.

PROVIDES LOWER COST SOLUTIONS

Mobile Fit Only Service

We're there for you. If you would like to order your tires yourself but prefer to have someone else look after the installation, this is the best possible solution for you. You provide the tires and Solideal on-site service takes care of the rest. It's personalized forklift tire service when and where you want it, and our forklift tire installation system runs with no extra environmental support from your site.

Maximum uptime guarantee

Customized on-site service guarantees that your needs are fully satisfied and that your fleet keeps rolling. Benefit from forklift tire specialists who are exclusively focused on best-in-class on-site service delivery, trained in the most efficient replacement methods and proficient with specialized tools and gear. You are guaranteed the highest level of efficiency, as well as compliance with health and safety standards. Precise planning and order management as well as exceptional breakdown service mean maximum uptime for your fleet.

PERSONALIZED FORKLIFT TIRE SERVICE

Fleet analysis

Maintenance cycle optimization

To identify your lowest operating cost solution, Solideal on-site service technicians can provide you with professional fleet analyses that take into account your individual operating conditions. Our analyses come with detailed recommendations to define your tire portfolio and optimize your maintenance cycle.

PRESS-ON SERVICE FOR DRIVE-IN SOLUTIONS

Stationary Press Only Service

If you're looking for a fast and flexible stationary press-on service for drive-in solutions, Solideal on-site service is your professional partner. Even without an appointment, we are committed to fast service that's delivered with quality tools, as well as high health and safety standards.
