

Supply & Fit

Full Forklift Tire Service

Ready to get you rolling

Select the solution that's right for your needs, and you get custom-made service at the best price per working hour. Our offer includes a timely response, fleet analysis, high-quality tire products and experienced technicians. And since we have the largest customer base in the industry, we're familiar with all types of industrial tire use.

Supply & Fit

Full Forklift Tire Service

Forklift tire mobile fitting, our core service, with best-in-class performance tires specifically selected to outfit your customized fleet at the guaranteed lowest operating cost. Service level is personalized according to your fleet analysis and business needs.

ON-SITE MOBILE UNIT

Mobile

Wherever your tires and forklift are, Solideal on-site service will take care of you. With the largest global on-site fleet, we're sure to be nearby. Thanks to specially designed service vans that double as mobile workshops, we offer the most convenient on-site forklift tire service around. Simply tell us when and where, and we'll take care of everything—no extra environmental support (power, space, etc.) required. Plus we deliver the best-in-class tire installation service.

PERSONALIZED FORKLIFT TIRE SERVICE

Service

As industry experts, we understand the needs of the different markets, from ports to airports. Because we focus solely on forklift tires, we are able to service the full range of products in this category (classes 1 to 5). Backed by the largest on-site/mobile fleet and the most highly trained and experienced service technicians, we'll provide you with the service level best suited to your fleet. Simply tell us what you need, and we'll help you choose the appropriate package from among our wide range of individual and customized service solutions. We'll conduct a professional fleet analysis and review your tire portfolio and maintenance cycle to help you lower your operating costs.

PROVIDES LOWER COST SOLUTIONS

Maximum uptime guarantee

Customized on-site service guarantees that your needs are fully satisfied and that your fleet keeps rolling. Benefit from forklift tire specialists who are exclusively focused on best-in-class on-site service delivery, trained in the most efficient replacement methods and proficient with specialized tools and gear. You are guaranteed the highest level of efficiency, as well as compliance with health and safety standards. Precise planning and order management as well as exceptional breakdown service mean maximum uptime for your fleet.

MAXIMUM UPTIME GUARANTEE

Fleet analysis

Maintenance cycle optimization

To identify your lowest operating cost solution, Solideal on-site service technicians can provide you with professional fleet analyses that take into account your individual operating conditions. Our analyses come with detailed recommendations to define your tire portfolio and optimize your maintenance cycle.

FULL RANGE OF TIRES

Full range of tires

Tell us which tire you want, and we'll deliver it. Solideal on-site service can install any forklift tire. And if you don't want to be involved in choosing tires, we'll handle that for you; Solideal on-site service enjoys immediate access to an extensive tire portfolio.
